

FOSTERING PLAN

Thank you for offering to foster a greyhound from HRH. Fostering not only helps the dog it helps us learn about the dog's personality, needs, and quirks to help us find the right match for their forever family. Fostering can be challenging but it is also very rewarding to see an ex-racing greyhound gain confidence in a home environment, learn to be a family pet and go on to be successfully adopted.

We have agreed to share with you as much information, to the best of our knowledge, about any dog you are looking to foster. Please see below some of the tasks we would like you to work on with your foster dog and help you to track your foster dog's progress to help provide feedback to us.

NAME OF FOSTER DOG:

TYPE OF FOSTERING:
